GENERAL INFORMATION

As soil wetting aid and soil penetrant, TRANSFORMER®

- Increases water penetration
- Improves water distribution

DOSAGE RATES

FOR BEST RESULTS

- AGRICULTURE - Use 1 pint to 1 gallon per acre.
- FAIRWAYS, LAWNS AND GREENS - Use 1 pint to 1 gallon per acre.

For improved water penetration, after pre-irrigation / leaching, TRANSFORMER can be applied through irrigation equipment.

DIRECTIONS FOR USE AND CAUTIONS

Prior to use, read all the directions on this label.

Pre-rinse all tanks, spray lines or containers thoroughly before adding TRANSFORMER as TRANSFORMER contains surfactants. TRANSFORMER should not be added to tanks, spray lines, or containers which may contain additional surfactants. Coatings on inner tank and spray lines, from previous chemicals sprayed may be dissolved by TRANSFORMER.

TRANSFORMER can be applied through furrow, flood, drip, micro-jet, sprinkler jet and other irrigation systems. It can also be applied in conjunction with most types of liquid fertilizer. In addition, it can be applied as a soil spray. When metering TRANSFORMER directly into an irrigation system by means of a metering injection pump or suction regulated line, do not connect to an irrigation system used for chemical applications or directly to a public water system without a back siphon prevention system in place. Always connect to such systems in accordance with local and/or state regulations. Early spring applications are more effective followed by repeat applications as needed.

STORAGE AND DISPOSAL

STORAGE: Keep away from open flames, hot surfaces and sources of ignition. Store in a cool, dry, well-ventilated place out of direct sunlight. Store in original tightly closed container away from children, animals, foods, feeds and seeds. **PRODUCT AND CONTAINER DISPOSAL:** Do not allow this material to drain into sewers/water supplies. Empty containers or liners may retain some product residues. Triple rinse (or equivalent) during mixing and loading. Dispose of contents in accordance with local/regional/national/international regulations.
