

# ATTITUDE

## WATER CONDITIONING AGENT AND ACIDIFIER

### PRINCIPAL FUNCTIONING AGENTS

Citric acid.....	15.90%
Constituents ineffective as spray adjuvants.....	84.10%
<b>Total.....</b>	<b>100.00%</b>

All ingredients are exempt from tolerance according to 40 CFR 180.

**KEEP OUT OF REACH OF CHILDREN**

**DANGER/PELIGRO**

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle.  
(If you do not understand the label, find someone to explain it to you in detail.)

**HAZARD STATEMENT:** Concentrate causes serious eye damage. Concentrate is harmful if inhaled.

**PRECAUTIONARY STATEMENT:** Wear protective gloves. Wear eye protection with side shield or face protection. Avoid breathing mist/vapors/spray. Use only outdoors or in a well-ventilated area.

**ENVIRONMENTAL HAZARDS:** Do not contaminate water sources by cleaning of equipment or disposal of wastewaters.

### FIRST AID

Call a **POISON CENTER** or **doctor/physician** if you feel unwell.

For Chemical Emergency (spill, leak, fire or accident), call CHEMTREC (800) 424-9300.

**IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a **POISON CENTER** or **doctor/physician**.

**IF INHALED:** Remove person to fresh air and keep comfortable for breathing.

**IF SWALLOWED:** Rinse mouth. Do **NOT** induce vomiting.

**IF ON SKIN OR CLOTHING:** Take off immediately all contaminated clothing. Rinse skin with water/shower.

**NET CONTENTS 2.5 US GAL (9.46 L)**

\*Product free of alkyl phenol ethoxylate and nonylphenol ethoxylate surfactants known to be ecotoxic.

## GENERAL INFORMATION

ATTITUDE™ is a water conditioner and acidifying agent to reduce the pH of a tank mix solution.

## DIRECTIONS FOR USE

ATTITUDE should not be used with products that require a solution pH higher than 5, for example sulfonyl urea herbicides or copper-based fungicides. ATTITUDE can lessen performance of products containing significant amounts of carbonates. Do a jar test on all new tank mix combinations. It is advised that a phytotoxicity test be conducted by spraying a small section of the crop before widespread use. ATTITUDE can be applied by ground, aerial or CDA application.

NOTE: Not for aquatic use.

## MIXING

Ensure all spray equipment have been thoroughly cleaned before use. Read the label of the tank mix partner(s) to be used with ATTITUDE for any mixing precautions. Fill the spray tank halfway and begin agitation. Add ATTITUDE to the water first, followed by other chemicals as directed by their respective labels. Do not mix ATTITUDE with undiluted pesticides. Spray equipment should be rinsed thoroughly after use.

## RECOMMENDED RATES

Read the directions on the pesticide label to comply with pH requirements of the pesticide. To adjust the pH of the spray solution to within a range of 5 – 2.8, add 16 to 128 ounces of ATTITUDE per 100 gallons of spray solution (0.125 – 1% v/v) unless directed otherwise by tank mix partner label. Do not exceed a rate of 1% (v/v).

Patented and/or patent(s) pending.

## STORAGE AND DISPOSAL

PROHIBITIONS: Do not contaminate ponds, waterways, ditches and food or feed with chemicals and/or used containers by storage, disposal or cleaning equipment.

STORAGE: Store in a cool, dry, well-ventilated place out of direct sunlight. Store in original tightly closed container away from children, animals, foods, feeds and seeds. Handle in accordance with precautionary statements. In the event of spillage or leakage, soak up the material with absorbent clay, sand, sawdust or other absorbent materials. Scrape up and dispose in accordance with Product Disposal. PRODUCT DISPOSAL: Collect and reclaim or dispose in sealed containers at licensed waste disposal site. CONTAINER DISPOSAL: Empty containers or liners may retain some product residues. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. Dispose of container/contents in accordance with local/national regulations. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit [www.acrecycle.org](http://www.acrecycle.org).

## NOTICE OF WARRANTY

CONDITIONS OF SALE-LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES: To be read prior to using this product. The directions should be followed carefully together with good application practice. Failure to do so may cause injury to crops, animals, man or the environment. Extraordinary or unusual weather conditions may affect product performance and/or crop injury which are beyond the control of Oro Agri, Inc. (the "Company") or seller. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the Directions For Use. The Company makes no other warranties or representations of any kind, express or implied, concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at Company's election, ONE of the following: 1. Refund of the purchase price paid by buyer or user for product bought. 2. Replacement of the product used. To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company/seller offer this product and the buyer/user accepts it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
